Warminster Amateur Radio Club

November, 2011

Next Meeting November 3rd, 2011 – Ham Radio Outlet RICK LAMB (K3TL).

President's Message

Since November usually marks Warminster RC's annual visit by **RICK LAMB / K3TL of Ham Radio Outlet**, this year you won't be disappointed. We are again very privileged to have Rick visit and demonstrate the latest amateur radio "toys" available on the market today. Rick will answer your questions, and share with you the behind the scenes scuttlebutt as to what is on the horizon from the big three manufacturers: Icom, Yaesu, and Kenwood, plus other smaller suppliers.

Rick has been hinting about retirement, and selfishly we hope that he can put that off way in the future, as he is always a great asset for our club members, and has always been there for us down at HRO.

He will always give you honest advice on the pros and cons of any piece of gear they have for sale - which we all appreciate. Whether in-person, and over the phone Rick always freely shares his wisdom, and knowledge gained as a long time amateur radio enthusiast.

Come out to our November meeting and you will hear Rick's great presentation, and have the best donuts and coffee offered by Randy / N3LJE and Doc / KA3RAU.

UPCOMING TRIP TO ARRL HQ

Did you ever hear of the Amateur Radio's legend of the Wouff-Hong and the Rettys-nitch? On our previous trip to ARRL HQ these two amateur radio's sacred symbols were on display. Deep in the myth and lore of amateur radio is the story of Hiram Percy Maxim / W1AW (aka The Old Man) and his instruments of admonishment for any radio operator who used bad and rude operating habits on air.

The highlight of the upcoming trip will be the Hiram Percy Maxim Memorial Station - W1AW. This station is in a small one-story building which contains the following areas: 3 enclosed guest operating studios, small lobby with some historical radio equipment, enclosed room containing broadcast transmitters and amplifiers for the W1AW Broadcast Bulletins. Station manager's office, and ancillary equipment area.

Each glass enclosed studio is jam packed with 2-3 operating positions utilizing the latest and greatest equipment donated by the manufacturers. Studio 1 has one of those \$10k HF-radios by Yaesu. It had the latest of software logging, spectrum displays – equipment that any of us would love to have. Studio 2 had the satellite radios which some of us love. Studio 2 also had a software defined HF radio which is a dream to operate. Studio 3 is similar to Studio 1 with HF and VHF/UHF equipment.

The radio equipment is the absolute best state of the art amateur radio equipment – top notch, and expensive for sure. Just operating W1AW alone is certainly worth the trip.

W1AW

Memorial Station at ARRL**

(Continued on page 2)

(Continued from page 1)

Besides the best equipment, W1AW has an outstanding antenna farm with many types of antennas – beams, dipoles, VHF/UHF verticals, and satellite. What a setup!

We are planning a return trip to ARRL HQ in Newington, CT in March 2012. We need 30 individuals to fill the minimum number of seats on the trip. We are opening this trip up to all as we did previously. Are you interested? Let Rich / AG3L or any board member know!

ANNUAL WARMINSTER ARC HOLIDAY DINNER

Come and celebrate our club's 47th anniversary at the December holiday dinner. This year it will be held at the Ben Wilson Center at 6:30PM on Thursday December 1, 2011.

Hold this date and mark your calendars now. Our WARC Holiday Dinner is now planned. Bring your wife, your girl friend or your kids. This will be an evening of fun, networking and holiday cheer.

The cost will be: Adult - \$12.50 per person and children (12 and under) - \$6.00 per person. All dues must be paid up and all monies should be in by the November meeting prior to attending. Our webmaster, Al / WI3Z, will again arrange for dinner arrangements to be made online via the K3DN.ORG website. All reservations have to be in by November 23rd.

The menu for the WARC holiday dinner will be baked chicken, stuffed shells, hot meat balls, a cold cut and cheese and salad platter. The club will supply beverages as well as a dessert tray.

Contact George / N3HBT at 215-443-5656 or n3hbt@k3dn.org if you have questions, or to make reservations. Our vice-president Irwin / KD3TB is coordinating the event. He can use some help with the arrangements. If you want to help, contact Irwin at kd3tb@k3dn.org.

SOLAR UPDATE

Tad "There has to be an invisible Sun <<http://www.youtube.com/watch?v=6OSIrJbkrPQ>>" Cook, K7RA, reports: On Friday, October 21, the daily sunspot number broke another record for Solar Cycle 24 when it rose to 207. You have to look back to November 26, 2003 when it was two points higher - 209 -- to find a number at least as high. Last Thursday, the daily sunspot number was 195, another record until the following day. The average daily sunspot number for the week was off by two points to 156.6, while the average daily solar flux rose nearly 8 points to 151.8. Propagation on HF is quite exciting right now, with 10 meters opening up worldwide daily. The predicted solar flux is 130 on October 27-29, 125 on October 30-November 3, 120 on November 4-5, and then 125 and 130 for November 6-7 and 135 on November 8-10. Flux values for the near term are expected to peak at 165 on November 17-18. The predicted planetary A index is 5, 7, 8 and 10 on October 27-30 and 5 on October 31-November 3, 8 on November 4-5 and 5 on November 6-10. Geophysical Institute Prague predicts quiet to unsettled conditions October 28, unsettled October 29, quiet to unsettled October 30 and quiet October 31 through November 3. Look for more information on the ARRL website on Friday, October 28. For more information concerning radio propagation, visit the ARRL Technical Information Service Propagation page <<http://www.arrl.org/propagation-of-rf-signals>>. This week's "Tad Cookism" is brought to you by The Police's Invisible Sun <http://en.wikipedia.org/wiki/Invisible_Sun>.

California Ham Killed in Shooting Spree

A gunman, apparently enraged over a custody dispute with his ex-wife, walked into a hair salon in Seal Beach, California on October 12. Scott Evans Dekraai allegedly opened fire in the salon, killing eight people, including his ex-wife. David Caouette, N6DAC -- who was waiting outside the salon in his car -- was killed in the rampage. He was 64.

"He was shot in his very recognizable off road-ready Land Rover Discovery while sitting in the parking lot on his way into his favorite restaurant," Darrin Simmons, W7UNI, told the ARRL. Simmons, who called himself Caouette's best friend, said that he and Caouette were off road driving instructors: "We have been taking customers out on free off road trips since 2003. Back in late 2007, we had some trouble communicating with CB radios in Big Bear. I was fed up with not being able to contact my team that was staggered throughout the line of 30 vehicles. Soon after that, in March 2008, I contacted Gordon West, WB6NOA, and he got us into a ham radio licensing class. I remember it well; it was a rainy weekend and Gordon had us all in the garage on one of the days. That was quite a sight. Since then, we have had many, many off road trips with a core group of ham radio operators and have loved every minute of it. We will miss Dave with all our hearts."

Ed Testa, KI6OJV, a longtime friend of Caouette's, **told *The Orange County Register*** that Caouette "was in the wrong place at the wrong time and had no way to defend himself. We are just in disbelief that he could have been involved in this tragedy." Testa said that he had heard that Caouette was visiting one of the restaurants next to the salon where the shooting occurred.

According to *The Orange County Register*, Caouette had worked at Land Rover Mission Viejo starting around 2003 as a salesman. He left that job several years ago, but kept in touch with several friends he met at the dealership in weekend off-road events. "We were the gang of four -- Dave, me, Rich Guzman, KR1CHG, and Darrin Simmons," he said. "Dave was the leader. He knew all the trails, and he was always at the front of the pack."

KCBS -- the CBS owned-and-operated television station in Los Angeles -- **reported** that Orange County District Attorney Tony Rackauckas said that the deadly rampage started at 1:20 PM when Dekraai, 41, walked into Salon Meritage with the intent to murder his ex-wife Michelle Fournier and any other people who may have been present. He was wearing a bullet proof vest and armed with three handguns -- a 9 mm pistol, a .44 magnum and a .45 caliber pistol. "He walked through the salon shooting anyone close enough to hit," Rackauckas said, calling the incident a "two-minute massacre." By 1:21 PM, Rackauckas said Dekraai walked through the salon, methodically executing employees and customers. The victims were shot up close repeatedly. Dekraai allegedly stopped to reload when his ammunition ran out. He then continued firing as people lay dying, according to authorities. "Dekraai shot victim after victim, executing people by shooting them in the head and chest," Rackauckas said. According to the DA, Dekraai then walked out of the salon and allegedly executed the driver of a Range Rover parked next to him.

A police officer saw Dekraai leaving the area as police were responding to reports of gunfire. He was arrested about half a mile away and is the sole suspect in the rampage. Dekraai made his first appearance in Orange County Superior Court on October 15, but his

arraignment on eight counts of murder and one count of attempted murder was continued to November 29. Rackauckas has announced that he will be seeking the death penalty for Dekraai.

Caouette is survived by his wife Paula and three children. A **memorial service** is planned for 4-8 PM October 17 at Patty's Place Restaurant, 500 Pacific Coast Hwy, Seal Beach, California. -- *Thanks to The Orange County Register, KCBS and Darin Simmons, W7UNI, for the information*
