Warminster Amateur Radio Club

February 2017

Next Meeting February 2nd - Club Auction

President's Message

Winter has been somewhat mild in these parts, allowing great opportunity for radio-related activity, whether it be operating portable from a park or rec area, installing new (or repairing old) antennas, or perhaps as simple as opening the windows in the shack to let some of the solder smoke out! No matter your preferred operating conditions, I hope you're all finding a way to enjoy the season.

With the passing of our Vice President, Vinny Porcaro K3VJP (SK), the Board has elected George Acker KC3ESH to fulfill the remainder of Vinny's term. Our members are all familiar with George, as he is our Membership Chair, handling dues payments and new applications, and also provides member ID's, both picture and traditional. George has been a great asset since joining WARC, and is excited to meet this new challenge. Welcome aboard, George, and thank you for taking on this role.

As has been previously announced, WARC has been chosen to host the EPA Section Convention this year, in conjunction with our annual Hamfest (Sunday, May 7). At the same time, we will be relocating to Bucks County Community College's Lower Bucks campus, on Rte. 413 in Bristol, PA. The updated info is available on our website, under "Hamfest". The new site offers several improvements over previous years, and allows us to expand the event to include presentations and seminars, notably a guest speaker from ARRL HQ, as part of the convention. Mike Shanblatt W3MAS has taken on the Chairmanship for this event, and will be coordinating WARC's efforts. With the addition of the EPA SC, the anticipated increase in attendance, and moving to a new site, your participation is needed now more than ever. Let Mike know your availability, and if you are willing to take on a lead role please let him know that, as well. We need "all hands on deck" this year, so we're prepared to stage a top-shelf event!

And don't forget our bus trip to ARRL HQ, taking place on Tuesday, April 4. Word is being spread to several other clubs in the region, and there seems to be a lot of interest in attending. The cost will be \$55 per person for the trip, with a departure time of 5:30am that morning, returning approximately 8:00pm that night. This is a fabulous trip, which includes a tour of HQ, showing the inner workings of the League, including QST, incoming/outgoing QSL buro, and of course, the opportunity to operate W1AW, perhaps the most famous amateur station in the world! If you haven't been, it's something every ham should experience at least once; if you have, you know how much fun this trip is. For more information, you may contact me directly – there are several methods listed in this issue of Feedback.

de Tony, W3FLH
73

HAM Radio Classes in the Spring of 2017

Morse Code is no longer required for HAM Radio licenses

If you're interested in Ham Radio, or think you might be, this is your opportunity. Perhaps you'd like to learn about digital communications, VHF, UHF, satellite, or perhaps you'd rather sit down and chat with someone in South Africa, Russia, Great Britain or in the space station.

Technician classes will be taught by Ron Small WB2OOB starting March 13th for 6 Mondays in a row from 7pm to 9 pm.

Extra classes will be taught by George Altemus KA3WXV starting March 13th for 8 Mondays in a row from 7pm to 9 pm.

For further information contact George Brechmann, N3HBT at 215-443-5656.

(Continued from page 1)

WARC General Membership Meeting Minutes January 5, 2017

Attendance:

Call to Order – Tony W3FLH
Introductions – pass the mic

Minutes from last Board Meeting

No minutes to approve since there was no December Membership Meeting

Committee Reports

Treasurer's Report: *Bill K3FMQ*

As reported at the meeting

Programs: *Tony W3FLH*

February – Club Auction

March – QSL Card Presentation w/Tom Mills AF4NC

April – Hamfest prep

Membership: *George KC3ESH*

New Member Applications – no new applications

Membership Update – 153 members to date

Anyone paid by January 31, 2017 will be eligible for a drawing for an additional year

Pictures will be taken at the next meeting

Public Service: *George N3HBT*

No public service events for the rest of the year

Classes: *George KA3WXV/Ron WB2OOB*

Next classes will be the 2nd Monday in March, March 13, 2017 for Tech and Extra

VEC Testing: *Larry WA3ELQ*

2 candidates neither successful at the December 26, 2016 test session

Next session is January 30, 2017

Repeater: *Brian N3EXA*

Maintenance items on the repeater

Brian asks that you get on and use the repeater

Still waiting on the township for the antenna relocation

Good and Welfare: *Vince KD3TC*

Sent a few cards out this month

Other Committees

Old Business

New Member Focus Group (Irwin KD3TB/Bill K3FMQ/Andy KD3RF) – The group met this evening. 11 new members attended and answered several questions that will help our club grow and hopefully help new Hams in the hobby

Day trip to ARRL HQ (Tony W3FLH) – Tuesday, April 4, 2017 - \$55 per person; please invite other clubs to join us; more information will be forthcoming

Special Event station – Union League/W3U (Tony W3FLH): Saturday, June 17, 2017; W3U special event call sign for the entire weekend – in celebration of Juneteenth – need at least 6 operators – more details to follow – please see Tony W3FLH if you are interested in participating

New Business

Interim VP – George Acker KC3ESH – the board voted and approved George's appointment of Interim

(Continued on page 3)

(Continued from page 2)

VicePresident at the December Board Meeting

WARC Hamfest/EPA Section Convention (Tony W3FLH/Mike W3MAS/Irwin KD3TB) – May 7, 2017 – we are looking at the Bucks County Community College Lower Bucks Campus as the new location of the Hamfest this year – the ARRL has approved that we hold the EPA Section Convention at our Hamfest this year – Mike W3MAS has agreed to chair the Hamfest – more details will follow as they become available

Motion to Adjourn

Meeting adjourned at 8:16pm

Presentation: *Stump the Chumps – Gameshow format!*

THE K7RA SOLAR UPDATE

Tad Cook, K7RA, Seattle, reports: The average daily sunspot number rose from 22.6 to 52.7 -- up from no sunspots 2 weeks ago. Solar flux increased from 77.1 to 83.9 for the January 19-25 reporting week. The first sunspot group of Cycle 25 has appeared, in addition to this recent uptick. Carl Luetzelschwab, K9LA, will have an excellent article about this in the next issue of the Northwest Indiana DX Club newsletter <<http://nwidxclub.weebly.com/newsletters>>, available in early February.

Predicted solar flux is 85 on January 26-29; 82 on January 30-February 2; 75 on February 3-7; 76 on February 8; 77 on February 9-12; 78, 79, and 81 on February 13-15; 83 on February 16-18; 85, 83, and 82 on February 19-21; 80 on February 22-24; 78 on February 25; 77 on February 26-27; 76 on February 29-March 1; 75 on March 2-6, and 76 on March 7.

The predicted planetary A index is 5, 12, 15, and 8 on January 26-29; 12 on January 30-31; 8 on February 1-2; 20, 16, 12, 10, and 8 on February 3-7; 5 on February 8-13; 15 on February 14; 10 on February 15-16; 8 on February 17-19, and 5 on February 20-22.

F.K. Janda, OK1HH, sent us this geomagnetic activity forecast for January 27-February 22: Quiet on January 27, February 1, 11-12, 14, 22; mostly quiet on January 30, February 9-10, 20-21; quiet to unsettled on January 31, February 13, 19; quiet to active on January 28-29, February 3-5, 15, 17, and active to disturbed on February 2, 6-7, (8, 16, 18).

Amplifications of the solar wind from coronal holes are expected on January 26, (31), February (1-5), 9, (15). Parentheses indicate a lower probability of activity enhancement.

Sunspot numbers for January 19-25 were 26, 61, 67, 61, 53, 55, and 46, with a mean of 52.7. The 10.7-centimeter flux was 79.5, 83.2, 86.1, 86.8, 84.1, 82.3, and 85.1, with a mean of 83.9. Estimated planetary A indices were 11, 11, 11, 9, 5, 3, and 6, with a mean of 8. Estimated mid-latitude A indices were 10, 9, 9, 8, 2, 3, and 4, with a mean of 6.4.

Send <k7ra@arrl.net> me your reports or observations.

2017 Crossword
Puzzle
Developed by
KD3TB

EclipseCrossword.com

Across

4. 9V1's DXCC Country
5. Impedes electrical flow
7. ____ wave responsible for radio wave propagation
11. ____ Modulation developed by Edwin Armstrong
12. Type of Antenna
16. A type of cable
17. Development of early radio
19. US Ham Association
23. Standard unit of frequency
24. Instrument used to measure current in an electric circuit
26. VU2's DXCC Country
27. Flow of electrons in a electric circuit
28. Semiconductor device used to amplify or switch electronic
29. Electric component that conducts primarily in one direction
33. WARC Location
35. Entry level ham license

Down

1. Vibroplex Nic Name
2. Antenna with two equal parts
3. Inventor of American Code
4. Solar Flux Index
6. Capacitor insulation
8. --. --.
9. Founder of ARRL
10. Radio Amateur Civil Emergency Service
13. Type of Battery
14. Separation between Sunset and Sunrise
15. = Current x Resistance (Ohm's Law)
18. K3DN 147.09+ PL 131.8
20. Location of large Hamfest
21. Volunteer examiners for ham license
22. Device that is used to minimize the Standing Wave Ratio between Transmitter and Antenna
25. Transmission is being interfered with
30. Layer of atmosphere responsible for radio wave propagation
31. Who is calling me
32. ____ Day
33. Call sign of NIST HF radio station located near Fort Collins, Colorado
34. My location

This is my first attempt to add a crossword puzzle to the WARC Feedback. Answers will be published in the following months issue. Please send any comments/questions/suggested words to KD3TB@ARRL.Net

HAMFEST ANNOUNCEMENT

The Warminster Amateur Radio Club is a ARRL Special Services club that meets at the Ben Wilson Senior Citizens Center in Warminster, PA on the first Thursday of every month starting at 7:30 pm. Amateur Radio FCC (VEC) exams are offered on the last Monday of every month at the same location.

Warminster Amateur Radio Club General Club Contact: K3DN@ARRL.net

CIA DECLASSIFIED DATABASE INCLUDES INFORMATION ABOUT SOVIET-ERA AMATEUR RADIO

Central Intelligence Agency (CIA <<http://www.cia.gov/>>) reports relating to Amateur Radio in the former Soviet Union (including the Baltic States) and Warsaw Pact countries are among documents declassified to a new searchable online database <<https://www.cia.gov/library/readingroom/search/site/%20amateur%20ham%20radio>>, the CIA Freedom of Information Act (FOIA) Electronic Reading Room. Documents cover translations and assessments of Amateur Radio clubs; training; monitoring Sputniks; technology and equipment; QSL cards, and ruminations on a plan to monitor US ham radio transmissions for activities "of interest" to the intelligence community. Searches on "Amateur Radio" or "ham radio" will yield multiple documents, some heavily redacted.

For example, a 1949 memo largely dismissed the use of Amateur Radio in the Soviet Bloc as an intelligence-gathering tool. "Except for possibilities in the counter-espionage field, it is believed that exploitation of amateurs with reference to the USSR and satellites could lead at best only to information concerning the location of ham transmitters, an item of dubious intelligence value," said the memo, which carried the subject line "Exploitation of Radio Amateurs." Another memo from the same year showed that the USSR viewed the growing "cadre" of radio amateurs as the next generation of engineers.

Documents covering a wide range of topics not necessarily related to Amateur Radio also have been declassified, sanitized, and made available to the public for the first time in this archive. Some of these documents were only available previously in a closed system at the US National Archives <<https://www.archives.gov/>>. -- Thanks to Southgate Amateur Radio News via Andy Thomas, G0SFJ

CLUB INFO

PUBLIC SERVICE

CLUB STATION

The WARC club station is open to anyone with an interest, on the first Thursday of the month (meeting night) between the hours of 6:30 and 7:30 pm. with the exception of the December dinner meeting For further information, call George Brechmann N3HBT at 215-443-5656.

WARC ALUMNI MEMBERSHIP

An Alumni membership category is available for WARC members who are unable to attend meetings and club activities on a regular basis because of health considerations, travel impediments, or other hardships. Dues for the Alumni membership are \$10.00 annually and are approved by the Board. Please contact the Membership Committee for more information if interested."

ATTENTION MEMBERS

The Membership Committee can provide Club badges. Two types are available: an engraved plastic callsign and name badge for \$5 or a free, laminated plastic, photo ID badge/card. The photo id badge is included with your membership. Pictures for the club badge will be taken before club meetings on even numbered months. If you do not have at least a Warminster Amateur Radio Club badge with your picture on it, please contact your Membership Chairs at the WARC monthly meetings. Otherwise, please contact Membership by email at: membership@k3dn.org.

If you want to have your picture taken to be placed on the 'Members' Photos' section of the www.k3dn.org website, please contact Membership with your interest. When we get enough people who are interested we will post a notice in Feedback and have a camera ready at the following club meeting.

PROGRAMS 2017

February - Club Auction

March - QSL card Presentation Tom Mills AF4NC

April - Hamfest

➤ **CLUB EQUIPMENT**

WARC has 2 Baofeng UV-5R dual band HT's and a Yaesu FT-2900 2M mobile that are available for use by members of the club. The radios are available on a month-by-month basis and have been purchased primarily to help new hams get on the air. However, they may also be used by any club member who is in need of a temporary 2-meter radio. They are also available for use by participants in WARC's public service activities.
