

Club Challenge

The purpose of this challenge is to increase the amount of contacts between Warminster Amateur Radio Club Members on the club's repeater and have a little fun.

- 1) The challenge will run for one month from the general membership meeting in June to the membership meeting in July.
- 2) The member with the most points earned will be declared the winner. In case of a tie, a drawing will be held to determine the winner.
- 3) Contacts must be made on the club's repeater system.
- 4) Contact between a non-club operator is equal to one point. Contact with a club member will be equal to two points. Contact with an Executive Committee member (President, Vice President, Secretary, Treasurer, Appointed Directors, Elected Directors and all Past Presidents) will be equal to three points.
- 5) Contact with the same member multiple times in the contest period can only be counted once (no multiple contacts).
- 6) Wednesday Night Nets on the Club Repeater count towards the total score, but again multiple contact with the same operator counts only once.
- 7) Logs will be submitted to the Club meeting on July 11th.
- 8) Logs will contain the following: Date of contact, Time of contact, Call Sign of contact, frequency the contact was made on and point total for the contact. Total of points should be written at the bottom of the sheet. Logs can be legibly handwritten, or computer generated. (Sample/Blank Log attached)
